PROFESSIONAL PROFILE

Multidisciplinary professional working across data analytics, research, AI data work, financial analysis and digital technology. Currently pursuing an MSc in Financial Engineering at WorldQuant University, with hands-on experience in Power BI, SQL, Python, mixed-methods research, AI annotation/evaluation and modern web development. Experienced in structured data review, field research, reporting, stakeholder engagement and independent project delivery.

CORE SKILLS

Data & Analytics	Power BI, SQL, PostgreSQL, Microsoft Excel, SPSS, Google Forms, data cleaning, descriptive analysis, data visualization
Python & Finance	Python, pandas, NumPy, Matplotlib, financial markets, portfolio risk/return, correlation and drawdown analysis
Research	Quantitative and qualitative research, questionnaires, KIIs, FGDs, field data collection, evidence synthesis, report writing
AI & Language Data	Video annotation, data labeling, AI response evaluation, quality assurance, guideline compliance, Swahili-English transcription and translation
Web & Digital	Next.js, React, TypeScript, Tailwind CSS, HTML/CSS/JavaScript, Git/GitHub, Vercel

PROFESSIONAL EXPERIENCE

Sovrano AI - *Video Annotator* | *Remote* | **May 2026 - Aug 2026**

- Reviewed and labeled video data for AI training workflows, identifying observable actions and meaningful event boundaries.
- Segmented videos, assigned timestamps and produced concise action-focused descriptions in line with detailed annotation guidelines.
- Reviewed annotation quality, corrected labels, incorporated QA feedback and flagged unclear or unsuitable content.

Freelance - *Swahili-English Transcription & Translation* | *Remote* | **2024 - Present**

- Transcribe and review Swahili and English audio, including Kenyan speech patterns, code-switching, slang and unclear audio.
- Translate between Swahili and English while preserving meaning, tone and natural phrasing and applying project-specific style guides.

Canadian High Commission, Nairobi - *Property Management Team Intern* | **Apr 2025 - Aug 2025**

- Supported property preparation, inventory verification, documentation, compliance checks and quality review in an international professional environment.
- Coordinated tasks with contractors and internal personnel, tracked deadlines and maintained accurate operational records.

Nairobi City County Government - Westlands Subcounty - *Community Development Intern* | **May 2024 - Aug 2024**

- Supported field data collection, reporting, needs assessment, stakeholder engagement and programme documentation.
- Worked with more than five self-help groups serving approximately 250 beneficiaries and supported training in financial literacy, entrepreneurship and resource mobilization.

SELECTED TECHNICAL PROJECTS

Kenya Development Dashboard | *Power BI | DAX | Power Query*

Analyzed World Bank indicators for Kenya from 2000-2025 across GDP, labor markets, electricity access and internet usage; built an interactive dashboard with KPI measures and trend analysis.

Retail Sales & Customer Analytics | *PostgreSQL | SQL | RFM*

Analyzed approximately 100,000 e-commerce orders using joins, CTEs, window functions and customer segmentation to examine revenue, category performance and repeat behavior.

Financial Markets & Portfolio Risk | *Python | pandas | NumPy | Matplotlib*

Analyzed BTC, gold, equities and Treasuries from 2020-2025, calculating annualized return, volatility, Sharpe ratios, correlations, drawdowns and equal-weight portfolio performance.

Independent Web Development | *Next.js | React | TypeScript | Tailwind CSS*

Designed and deployed responsive, mobile-first web projects using Git/GitHub and Vercel, including live school website demonstrations.

RESEARCH EXPERIENCE

Undergraduate Research - St. Paul's University: Examined the efficacy of community-based interventions in fostering mental health awareness in Mathare, Nairobi. Worked with an approximately 2,000-respondent study sample using questionnaires, key informant interviews, focus group discussions and observation; used SPSS, Excel and Google Forms for data organization and analysis.

EDUCATION

WorldQuant University | Master of Science in Financial Engineering | **Ongoing**

St. Paul's University, Kenya | Bachelor of Arts in Community Development - Second Class Honours (Upper Division) | **2025**

SELECTED CREDENTIALS

HubSpot Academy - Content Marketing Certification • HubSpot Academy - Digital Marketing Certification • Foundations in Generative AI • HP LIFE - Data Science & Analytics • HP LIFE - Critical Thinking in the AI Era
